

File Formats WordPerfect

If you are using WordPerfect you need to save your file as a Rich Text Format (rtf)

1. Click on File
2. Click Save As, you will get the Save As dialog box

3. Name your file
4. Select the Rich Text Format (RTF) in the File Type: from the drop down arrow. You'll have to scroll up to find the Rich Text Format option.
5. Click Save
