PROE Summary Report 2014/2015

Program - Cosmetology

Faculty Surveyed – 4 Student Surveyed – 16 Advisory Committee Members Surveyed – 9

- Strengths of program identified by faculty Up-to-date equipment Supplies are available Instructor knowledge and training Instructors work in industry also Good working relationship with local salons
- Major improvements needs as identified by faculty Longer semester for program Additional technical equipment Advertising and Marketing Increase opportunities for high school students
- Strengths of program identified by student Instructors Lab Equipment
- Major improvements needs as identified by student More time on career and employability Decrease cost
- 5. Strengths of program identified by advisory committee members Amazing instructors
 Program keeping updated on equipment and techniques in industry Great lab and equipment
 Time of program
 Mock state board exams are so good
 Incorporating the high school kids in the labs

- Tom Quera President 6/27/16

Dawe Lew 25. 2015

- Major improvement needs as identified by advisory committee members Update old dvd's Update to a smart classroom More advertising/marketing
- 7. Action Plan

Kirtland students have a 100% pass rate on the state boards for the last 7 plus years! We would like to grow our program. We are working with our marketing person to develop brochures and other strategies. The director is willing and eager to go to area high schools to talk about the program. The Director is making a concerted effort to incorporate the high school program into the college program. We are working on increasing the number of high school students to continue on and complete the program. Our application to go from clock hour to credit hour has been approved this spring. This will allow us to accept part time students. We also started a skin esthetician certificate. We are doing these things to grow enrollment.
