

160 Hour Class A CDL Training \$5,200.00

Start Your Trucking Career with Confidence

We provide a complete **160 hour Class A CDL training program** designed for students with **little to no prior experience**. Our 3-week program gives you the skills, knowledge, and hands-on practice needed to succeed as a professional truck driver.

Program Overview

- **Duration:** 3 weeks (Monday – Friday)
- **Hours:** 160 total training hours
- **Schedule:** 8:00 AM – 4:30 PM

Students start with **live virtual classroom instruction** to prepare for the **Commercial Learner's Permit (CLP)**. This ELDT-compliant instruction covers:

- **Basic vehicle operation** — trucks, trailers, and vehicle systems
- **Vehicle inspection and maintenance** — pre-trip and post-trip checks
- **Safe operating procedures** — defensive driving, speed and space management
- **Cargo handling and securement**
- **Hours of service (HOS) and logbooks**
- **State and federal regulations** — CDL rules, traffic laws, and safety standards
- **Hazard recognition and decision-making**
- **Health, wellness, and fatigue management**

Virtual classroom instruction is live and interactive via Google Meet — students engage with instructors in real time and cannot complete it at their own pace.

After classroom preparation, students move to the **behind-the-wheel portion**, where they gain hands-on experience, including:

- **Pre-trip inspections and safety checks**
- **Coupling and uncoupling trailers**
- **Yard maneuvers** — backing, docking, and turning
- **Highway driving and traffic management**
- **Speed, space, and defensive driving techniques**

This ensures students are fully prepared for the CDL skills test and real-world driving.

What's Included

- **Commercial Learner's Permit (CLP)**
- **Certificate of Completion (160 hours)** – employers look for this credential when hiring new drivers
- **One state road skills test**

Tuition of **\$5,200** covers everything above!

*DOT physical and 5-panel drug test are **not included** in tuition. These are required prior to the start of class and must be scheduled at a local urgent care by appointment.*

Why Choose Regen Trucking School?

- Full 3-week program created for students with little or no driving experience
- Experienced instructors with real-world trucking knowledge
- Hands-on training in yard maneuvers and highway driving

- CLP and road test included — get trained, tested, and ready with confidence
 - Certificate of Completion (160 hours) awarded after training — highly recognized by employers
-

Next Steps

1. **Enroll in our 3-week program to secure your spot.**

Students attending training at one of our college partnership locations are dual enrolled and must first complete enrollment with the college before registering with Regen.

2. **Schedule your DOT physical and drug test** at a local urgent care (required before class starts).
 3. **Attend class Monday–Friday, 8:00 AM – 4:30 PM** and complete 160 hours of training.
 4. **Receive your 160-hour Certificate of Completion** – employers seek this credential.
 5. **Take your road skills test** and earn your Class A CDL!
