Completing this undergraduate program Dietetic Program in Dietetics (DP) allows students to meet the educational knowledge and skills specified by the Academy of Nutrition and Dietetics (AND) as part of the requirements to become a Registered Dietitian (RD) or Registered Dietitian Nutritionist (RDN). The students are awarded a bachelor's degree upon completing the required didactic coursework. This program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and enables students to apply for a Master's and Dietetic Internship following graduation. Completing these requirements and passing the Registration Examination for Dietitians meet the requirements for the RDN/RDN credential.

**IMPORTANT NOTES**

- It is strongly recommended that transfer students contact CMU early in their college career to ensure proper course sequencing for their major, optimizing course scheduling, and timely degree completion at CMU. The Herbert H. and Grace Dow College of Health Professions: 989.774.2613.

- Nutrition and Dietetics Program: 989.774.2813 or contact NOS@cmich.edu.

- This is a limited enrollment major - GPA is critical!

- It is important that students complete as many of the science courses (CHM 120/127, CHM 342, BIO 208 and STA 282 QR) as possible as they are pre-requisites for most of the Nutrition and Dietetics (NOS) courses.

- Completing the full Dietetics major program at CMU satisfies the academic requirements of the Academy of Nutrition and Dietetics, enabling a student to apply for a Dietetic Internship following graduation with a baccalaureate degree and after completing a master's degree.

- Students must have a minimum 3.0 overall GPA in order to sign the Dietetics major and enter the pre-professional stage.
