

Voluntary  
Framework of  
Accountability

The VFA is the principle accountability framework for community colleges with measures defined to encompass the full breadth of the community college mission and the diversity of students' goals and educational experiences. The mission-appropriate measures determine how well community colleges are serving students; provide colleges the ability to identify problems and set goals for institutional improvement; and be properly accountable to stakeholders.

The VFA's *Public Outcomes Report* includes the data that colleges are required to report and share publicly. Listed below are the contents of this report.

## STUDENT PROGRESS & OUTCOMES (SPO)

---

### SPO Timeframes

The SPO measures are reported for students from two timeframes:

#### • TWO YEAR

Students that entered the college two years ago (Fall Students 2015) and their progress /attainment by the end of those two years

Colleges are required to report the **TWO-YEAR PROGRESS MEASURES** for the students that entered two years ago

#### • SIX YEAR

Students that entered the college six years ago (Fall Students 2011) and their progress and outcomes by the end of those six years

Colleges are required to report the **DEVELOPMENTAL EDUCATION** and **SIX-YEAR OUTCOMES MEASURES** for the students that entered six years ago

### SPO Student Cohort Types

Colleges are also required to report the SPO measures for three types of student groups:

#### A. Main Cohort

Fall entering students who are first time at the reporting college

#### B. Credential Seeking

Students in the Main Cohort who earned 12 credits by the end of their first two years

#### C. First Time in College

Students in the Main Cohort who are first time in college

### SPO: DEVELOPMENTAL EDUCATION PROGRESS MEASURES

*Developmental Subjects: math, English, reading*

- Distribution of developmental need (1, 2, or 3 levels below college level in subject)

Of the students with developmental need in a subject, the number who:

- Attempted any developmental education in subject
- Completed developmental education in subject
- Completed a college-level course in subject

*Any Developmental (non-subject)*

- Enrolled in any developmental
- Completed all developmental (and are college-ready)

### SPO: TWO-YEAR PROGRESS MEASURES

- Retention: fall to next term
- Successful completion of credits: 1st term; by end of year two  
# of total credits completed with a C grade (C-, C+) or better by the cohort
- Reached credit threshold by end of year two  
# of students in the cohort that earned 24 credits (part-time) or 42 credits (full-time)
- Persistence/attainment: completed certificate/degree; transferred; still enrolled

### SPO: SIX-YEAR OUTCOMES MEASURES (unduplicated; hierarchical)

- Completed certificate, associates, or bachelor's degree (with and without transfer)
- Transfer (no award)
- Persistence: still enrolled
- Left with > or = 30 credits; Left with < 30 credits

---

## CAREER & TECHNICAL EDUCATION (CTE)

---

### CTE Profile

*CTE profile of the college*

- CTE Enrollment (credit and non-credit); change over previous year
- CTE Completions (credit and non-credit); change over previous year

### CTE Measures & Cohort

Reports on the post-collegiate outcomes of students that completed credit or non-credit CTE or had a significant CTE experience at the college

*CTE student outcomes post CTE (credit and non-credit)*

- Completed CTE certificate or degree
- Employed (with wage bands)
- Median wage growth of CTE students post CTE
- Enrolled post-CTE in higher education
- Passed licensure exam
- Completed industry credential(s)

---

## ADULT BASIC EDUCATION (ABE)

Reports on the completion of ABE and post-ABE outcomes of students that took ABE at the college in a given year

- Completed ABE
- Enrolled in more education post ABE
- Gained employment post ABE

Of the 703 students in the CTE Non-Credit Cohort, 78 students transitioned to Credit courses at the college.

#### CTE Completer/Leaver Cohort

The CTE Cohort is made up of students that took CTE at the college (credit or non-credit CTE) and either earned a formal award in CTE [completers] or left the college with a significant CTE experience – having earned 7 CTE credits or having received 180 contact hours of CTE instruction [leavers].

#### About CTE Outcomes

For the CTE Completer/Leaver Cohort, the VFA then reports these students' outcomes after the CTE experience (post-collegiate).

# Kirtland Community College (Roscommon, MI)

## Career & Technical Education Cohort (CTE Students Completed/Left in 2014-15)

These data represent students that took CREDIT CTE at the college, exited the college in the 2014-15 academic year, and their outcomes upon exiting the college with a CTE credential or a significant CTE experience (earned 7 CTE credit hours or received 180 contact hours of CTE instruction).

At present, the VFA provides graphical data for the CREDIT CTE measures but not for the NON-CREDIT CTE measures. The variances in how colleges track NON-CREDIT CTE and the lack of data available on NON-CREDIT CTE are challenges for many colleges. Therefore there is not enough NON-CREDIT CTE data to display appropriately using graphics.

## Credit Career & Technical Education (CTE) Measures

## Kirtland Community College (Roscommon, MI)

### Adult Basic Education Cohort (Students from )

*These data represent students that came to the college for ABE in the academic year.*

## Adult Basic Education (ABE) Measures (Optional)

### ABE Cohort

The ABE Cohort is students that took ABE at the college during the academic (or calendar year) indicated.

---

### ABE Measures

These ABE measures determine first which students reached a standard level of high school equivalency (or completed adult basic education) at the college. Of those students that achieved an adult basic education, the measures determine what percentage of these students continued with their education or gained employment with a wage above the minimum wage, within one year of exiting the college.
