

## Hoonuit Directions

**What is Hoonuit?** Hoonuit provides supplemental lessons for your Canvas courses. It is easy to embed right in your Canvas modules. It is easy to use and is already preloaded into Kirtland's Canvas LMS.

1. Sign into Canvas and enter the course you want to embed a Hoonuit Lesson in.
2. Locate the module that you will embed Hoonuit. Click the + button at the top of the module as shown:

3. Select Add External Tool and Choose Atomic Learning LTI> Click Add Item:

4. The external tool is now visible. You can filter the results or search by the subject area that you are interested in. For this example, we will embed a lesson on APA formatting.

Link Resource from External Tool ×

**All of your content is now located in the drop-down menu to the left of the search bar.**
